

“I’d tell ‘em
to use Katana,
just for the
reliability, safety,
quick and easy,
and certification
upon completion”

Aaron Freedman,
Certified Installer

GROW YOUR BUSINESS

Katana Foundations is looking to partner with select contractors who want to expand their businesses by installing 100% Australian made, CodeMark certified screw piles.

We provide the systems and support to ensure you succeed.

2. Dedicated resources

Dedicated Account Manager to help you grow your screw pile business

Experienced estimators to quote your jobs

Flexible supply and delivery options to suit your needs

4. 100% Australian made and owned

400+ Grade high-tensile steel from Bluescope Steel

Thick-walled (4.0mm and 5.5mm) pipe sections

Screw piles manufactured in Brisbane

BENEFITS OF INSTALLING SCREW PILES FOR KATANA FOUNDATIONS

1. Fast and easy installation

No spoil to remove

Threaded square pile head eliminates on-site hot works

Easy to attach extensions for foundations > 4m

3. Easy-to-use systems

Enter job information using our mobile installation reporting app

3rd party engineering certification based on Structural Engineering drawings and Geotechnical report

CodeMark certified screw piles to comply with the National Construction Code

5. Technical support

Installation training and certification

In-house Engineers to help you solve problems

Easy to use installation methods and guidelines

“ Not only is their product of the highest quality, but Katana’s systems and processes are very detailed and thorough, and they are extremely supportive and easy to work with. ”

Jesse Allen, Allen’s Earthmoving and Excavations - Nelson Bay, New South Wales

“ Great experience dealing with Katana, great quality, price and service. Will be using them on all my future builds. ”

Luke Marchetti, Marchetti Constructions - Berwick, Victoria

“ They go the extra mile with estimating to make sure the price is right. ”

John Vilas-Boas, Level 10 - Moorabbin, Victoria
